

Statewide Learning Services Presents

Program Your Life series

Did you know we only need to run about a dozen codes in our brains to find fulfillment, purpose and success? The Program Your Life series offers 12 different lessons, each of which features a code that participants install into their mental software. With these codes installed, participants can transform their lives and see results more quickly – and with much more joy!

Enroll at [learn.ok.gov](https://learn.ok.gov).
