# REDUCING CHALLENGING BEHAVIOR FOR STUDENTS WITH AUTISM SPECTRUM DISORDER

This workshop is designed for general and special educators serving students with ASD who demonstrate challenging behavior in the school setting. Upon completion participants will be able to identify the functions of behavior, aka the "why". Preventative strategies and supports that decrease challenging behavior will be provided.

Registration: \$175

**Topics include:**

- Functions of behavior
- Strategies and supports that prevent challenging behavior
- Identifying and teaching alternative skills

**Dates Offered:**

September 27, 2022

December 8, 2022

February 16, 2023(virtual)

## CONDUCTING FUNCTIONAL BEHAVIOR ASSESSMENTS & WRITING BEHAVIOR INTERVENTION PLANS

**\* Pre-requisite: You must have previously attended Reducing Challenging Behavior for Students with Autism Spectrum Disorder**

During this training we will dig deeper into identifying and targeting challenging behavior. Participants will practice conducting a functional behavior assessment (FBA), and analyze the data that leads to the development of a behavior intervention plan (BIP).

Registration: \$175

**Topics include:**

- Core components of an FBA and BIP
- Tools for data collection
- Data analysis
- Writing SMART goals
- Progress monitoring

**Dates Offered:**

September 28, 2022

February 17, 2023(virtual)

## PROFESSIONAL DEVELOPMENT OPPORTUNITIES FUNDED BY OSDE-SES

### Early Foundations

- Early childhood demonstration site
- Observe intensive behavioral interventions and inclusive instruction
- Small group training
- Short-term internship

### School Consultations

- Multidisciplinary team of professionals
- Student and classroom observations
- Problem solving with your team
- Demonstration
- Coaching
