

OKLAHOMA Education

The Oklahoma State Department of Education is excited to announce free professional development workshops for the 2023-24 school year. These 2-day workshops are being offered in different regions of the state from 9 AM to 4 PM and are designed to support educators with effective instructional strategies aligned to the Oklahoma Academic Standards for Health Education. These workshops are perfect for educators looking to implement health education instruction to meet the requirements of the Health Education Act, identify a new Professional Learning (PL) Focus, or deepen expertise in an existing PL Focus.
