

TechNow STEM Camp is open to Oklahoma students with disabilities, ages 14-19 who are on an IEP or 504 Plan or who have other documented physical, mental, or cognitive disabilities. At STEM Camp, students will learn different ways to interact with computers, software, and related technologies to design and create: Power Racer dragster, HT Racer, full color patches for jackets, pants and shirts.

They'll get to make shirts, hats, mouse pads, pin back buttons, and bracelets. Students will develop new skills while interacting with peers and making memories that will last a lifetime. The camp is held from 9:00 a.m. - 3:00 p.m. over three days. Below are the dates and locations of the currently planned STEM Camps for Summer 2024:
