

AIR[®]

The Oklahoma Special Education Services & American Institute for Research

Present a one-day, opportunity for districts to participate in a hands-on Multi-Tiered System of Supports (MTSS) Fidelity of Implementation Rubric self-assessment. The self-assessment requires a district-level MTSS Leadership team to assess the district’s implementation level of the essential components necessary for an MTSS framework for academics and behavior.

We are encouraging districts to select positions of leadership including:

- District Administrator (Superintendent, etc.)
- Site Administrator (Elementary, Secondary)
- Special Education Director
- Director of Counselor/Lead Counselor
- General Education Teacher
- Special Education Teacher
- Others as defined in the site’s MTSS Leadership Team

June 10th

June 11th

June 17th

June 18th

Tulsa Technology,
Owasso Campus
