THERAPY STAFFING SOLUTIONS

1. School Professionals

From speech, occupational, physical and social emotional therapists to psychologists and special education teachers, we have the right staffing solution for your school.

2. Teletherapy

Teletherapy is enhancing the way we provide services to students in all settings across the US. Our teletherapy professionals use innovative technology to connect and engage with students and staff in any setting.

WHAT WE DO

1. We support schools and districts in all settings, rural, urban, virtual, or at home.
2. We have a network of providers available on a short or long-term contract basis.
3. We have experience in all areas of Special Education.
4. We believe in a collaborative approach between districts, therapists and the agency.
5. We provide in-person and virtual services.
6. We believe in a hands-on approach to ensure that everyone involved feels supported and successful.

LET'S CONNECT!
