

OKLAHOMA
Family Support
NETWORK

OFSN

An evolving network that holds a membership with the National Family Support Network. The network currently consists of 20 members. OFSN is open for membership to agencies or individuals in the field of family support.

Populations that are focused on through the network include but are not limited to:

- Multigenerational families
- all parents and caregivers (fathers, grandparents, foster parents etc.)
- members of underserved or underrepresented groups

Vision

All Oklahoma children, their families, and communities are thriving and supported by family resource centers.

Mission

Unite state and community partners and collaborate with families to strengthen practices that champion quality family support and strengthening.

Goal

Provide efficient access to systems with independent systems navigation by families and caregivers. OFRC's will have resources and supports for family and community relationship building.
