

Aurora State Airport (UAO)

Surface Incident and Runway Incursion Mitigation

DO NOT CROSS THE LINE

Attention all Aurora State Airport users:

The Oregon Department of Aviation needs *YOUR* help to keep the Aurora State Airport *SAFE* and prevent unauthorized access onto taxiways and the runway.

A Surface Incident is an **unauthorized or unapproved movement within the designated Movement Area** (excluding Runway Incursions) or an occurrence in that same area associated with the operation of an aircraft that affects or could affect the safety of flight.

A Runway Incursion is any occurrence at an aerodrome involving the incorrect presence of an aircraft, vehicle, or person on the protected area of a surface designated for landing and takeoff of aircraft.

The Movement Area is delineated by a pair of solid and dashed yellow lines (shown left)

The Runway is protected by a pair of two solid and two dashed yellow lines (shown below)

The solid lines represent a barrier that must not be crossed without authorization and clearance from ATC.

Each person is responsible for their safe operation at UAO, and preventing Surface Incidents and Runway Incursions. Thank you for your help!
