**Oregon 213 – Cascade Highway South – Embankment work** (17T030796)

**Project description:** Crews are conducting investigative work on the hillside along OR 213 just north of South Freeman Road near Mulino.

**Traffic impacts:** Please be aware and look for traffic changes. One lane of OR 213 will be open in both directions.

Speed lowered to 45 mph between Union Hall Road and Mulino Road.

**Tips for driving safely in work zones**

An inattentive driver is the most common cause of work zone crashes. Drivers and their passengers — not workers — make up the majority of work zone fatalities.

What you can do:

- **SLOW DOWN!**
- **Pay attention**
- **Obey signs and flaggers**

**Know before you go!** Call 511 or visit [www.TripCheck.com](http://www.TripCheck.com) to check routes, work zones and road and weather conditions before you head out.
