Weekly Construction Update: October 28-November 4, 2017*

**Schedules are subject to change due to weather and site conditions.*

The following highways have projects included in this week's construction report. Scroll down to see traffic impacts in the following order (interstate, U.S., and state highways).

Sat. 10/28	Sun. 10/29	Mon. 10/30	Tues. 10/31	Wed. 11/1	Thurs. 11/2	Fri. 11/3	Sat. 11/4
I-5: Ln closures at Rose Quarter							
I-84: Ln closures I-205 to I-5; traffic holds at MP 53, shoulder closures at Multnomah Falls							
I-205: Ln closures I-5 to Abernethy Bridge							
I-405: no traffic impacts							
US 26: Ln closures at 185th, Cornelius Pass, North Plains; Ln closures on Cornelius Pass; Ln closures Mt. Hood							
US 30: Shoulder closures near Rocky Point Road							
OR 8: Ln closures TV HWY, Cornelius Pass Rd, at OR 47, Brookwood-OR 217, SW 185th							
OR 10: no traffic impacts							
OR 43: no traffic impacts							
OR 99E: Night Ln closures							
OR 99W: Night Ln closures at Capitol Hwy							
OR 213: Ln closures Southgate-King							
OR 217: no traffic impacts							
OR 281: no traffic impacts							

Schedules are subject to change due to weather and site conditions

Interstate 5 – Pacific Highway – Bridge Deck Rehabilitation (17T054760)

Project description: This project will repair and resurface two ramps at the I-5 Morrison Bridge interchange and over the Rose Quarter Transit Center, as well as install median barrier on I-5 from the Rose Quarter to north of the Hawthorne Bridge.

Traffic impacts: Periodic nighttime lane closures on I-5 in both directions Monday through Friday 10 p.m. to 5 a.m.

For more information: www.oregon.gov/odot/projects/pages/project-details.aspx?project=18564

Interstate 84 – Banfield Expressway – Regional Connections Project (17T058969)

Project Description: This project is the next phase of ODOT RealTime, a system that provides real-time traffic information on roads to help travelers get where they're going more safely and efficiently. New electronic signs will be installed on U.S. 26 between I-405 and OR 217. During sign installations, there will be several full nighttime freeway closures. Work will be complete spring 2018.

Traffic Impacts: Double lane closures in both directions of I-84 (from I-5 to I-205) from 8 p.m. to 5:30 a.m. weekdays.

For more information: www.odotrealtime.org

Interstate 84 – Columbia River Highway – Multnomah Falls sign installation (17T097034)

Project description: This project will install a new electronic sign at the Multnomah Falls parking lot.

Traffic impacts: Shoulder closures on eastbound I-84 from Benson State Park to Multnomah Falls.

For more information: www.oregon.gov/odot/projects/pages/project-details.aspx?project=19642

Interstate 84 – Columbia River Highway – Wyeth to Lindsey Creek (17T070456)

Project Description: This project is constructing the next phase of the Historic Columbia River Highway State Trail. This segment will connect Wyeth Campgrounds to the State Trail at Lindsey Creek. Construction will occur through summer 2019.

Traffic Impacts: Expect rolling slowdowns and delays from 12:20 to 2:30 p.m. Monday for rock blasting.

For more information: www.oregon.gov/ODOT/Regions/Pages/State-Trail.aspx

Interstate 205 – East Portland Freeway – I-5 to the Abernethy Bridge (17T065712)

Project description: This project will repave both directions of I-205 between the I-5 interchange in Tualatin and the south end of the Abernethy Bridge in West Linn.

Traffic impacts: Nighttime single lane closures in both directions. Daytime Shoulder closures.

Closures are from 10 p.m. to 5 a.m. Sunday to Thursday and 11 p.m. to 7 a.m. Friday and Saturday.

For more information: www.i205construction.org

U.S. 26 – Sunset Highway – NW Glencoe Road to Mile Post 53 (17T048454)

Project description: This project will repave both directions of U.S. 26 from NW Glencoe Road to milepost 53, including some ramps and resurfacing of four highway bridges. Rumble strips and cable median barrier will also be installed.

Traffic impacts: Periodic nighttime lane closures on U.S. 26 and daytime shoulder closures.

For more information: www.oregon.gov/odot/projects/pages/project-details.aspx?project=18777

--more--

U.S. 26 – Sunset Highway – Cornelius Pass Road to 185th Avenue (16T083291)

Project description: This project will widen U.S. 26 to three lanes in each direction between Cornelius Pass Road and NW 185th Avenue, replace the two Rock Creek bridges with one bridge, improve the north side of the Cornelius Pass Road interchange and build a sound wall on the north side of U.S. 26 westbound in the Rock Creek neighborhood.

Traffic impacts: Nighttime lane closures on U.S. 26 (between Cornelius Pass Road and NW 185th Avenue) from 9 p.m. to 5 a.m.

Nighttime lane closures with flagging at Cornelius Pass Thursday. Lane and shoulder closures on Cornelius Pass Road.

For more information: www.cornpass185.org

U.S. 26 – Sunset Highway – Regional Connections Project (16T063336)

Project Description: This project is the next phase of ODOT RealTime, a system that provides real-time traffic information on roads to help travelers get where they're going more safely and efficiently. New electronic signs will be installed on U.S. 26 between I-405 and OR 217. During sign installations, there will be several full nighttime freeway closures. Work will be complete winter 2017.

Traffic Impacts: Day shoulder closures on U.S. 26 in both directions.

Periodic nighttime closures of the multi-use path along the south side of U.S. 26 (between SW 79th Avenue and SW Katherine Lane) with detours. Path users should expect a section of path reduced to 6 feet.

For more information: www.odotrealtime.org

U.S. 26/OR 35 – Mt. Hood Highway – ODOT RealTime (17T052456)

Project description: Construction is underway on a project that will place 13 electronic message signs along U.S. 26 and OR 35. These signs are part of the ODOT RealTime system and will provide travelers with real time information so they can make safe decisions.

Traffic impacts: Single lane closures with flagging.

Work will occur in multiple locations along U.S. 26 between Rhododendron and the Wapinitia Junction and OR 35 in Parkdale.

For more information: www.oregon.gov/odot/projects/pages/project-details.aspx?project=18219

U.S. 30 – Lower Columbia River Highway – Culvert Upgrades (17T095471)

Project description: This project will clean out, repair and upgrade five culverts on U.S. 30 near Rocky Point Road (milepost 17 to 18).

Traffic impacts: Periodic daytime shoulder closures in both directions on U.S. 30 (St. Helens Road).

Oregon 8 – Pacific Avenue – at OR 47 (Quince Street) Improvement Project (17T040797)

Project description: The improvement project at OR 8 and OR 47 (Quince Street) in Forest Grove will build turn lanes for people driving on Quince Street and Pacific Avenue, as well as build bike lanes and make sidewalk upgrades.

Traffic impacts: Single lane closure on westbound OR 8 from 9 a.m. to 3 p.m. weekdays.

For more information: www.oregon.gov/odot/projects/pages/project-details.aspx?project=18003

--more--

Oregon 8 – Tualatin Valley Highway – SW 182nd Avenue to SW 187th Avenue (16T005153)

Project description: This safety improvement project will include a raised traffic separator on OR 8 – Tualatin Valley (TV) Highway, new street lights, bus pullouts, upgrading signs and signals, and reconfiguring the right turn from northbound SW 185th Avenue to TV Highway to a standard right angle. This project is nearly complete.

Traffic impacts: Daytime lane closures on westbound OR 8 and southbound SW 185th Avenue from 9 a.m. to 3 p.m. weekdays.

Oregon 8 – Tualatin Valley Highway – Regional Connections Project (17T063423)

Project description: This project is the next phase of ODOT RealTime, a system that provides real-time traffic information on roads to help travelers get where they're going more safely and efficiently.

Traffic Impacts: Nighttime lane closures at intersections (Brookwood to OR 217) from 8 p.m. to 5 a.m.

Shoulder closures on Cornelius Pass Road, Murray Boulevard and Scholls Ferry Road in both directions weekday nights.

For more information: www.odotrealtime.org.

Oregon 99E – McLoughlin Boulevard – Harold to Harrison Paving (17T039034)

Project description: This project will pave OR 99E in both directions between Harold Street in Portland to Harrison Street in Milwaukie. Also included in the project is replacing the Crystal Springs Bridge with a box culvert and reconstructing parts of the highway. Four weekend closures of OR 99E northbound from Tacoma Street to Harold Street will take place in the summer. Work will be complete by the end of the year.

Traffic impacts: Periodic nighttime single lane closures weekdays from 7 p.m. to 5 a.m.

For more information: www.oregon.gov/odot/projects/pages/project-details.aspx?project=18776

Oregon 99W – Pacific Highway West – SW Naito to Capitol Highway (south end) (17T072681)

Project description: This project will restripe travel and bike lanes, remove a center turn lane, install bike boxes to improve safety for people who ride bikes, walk and drive.

Traffic impacts: Periodic nighttime lane closures at Capitol Highway.

For more information: www.BarburSafety.org

Oregon 141 – Hall Boulevard – Pedestrian flashing beacon (17T080780)

Project Description: This project will install a new pedestrian flashing beacon on Hall Boulevard north of Oregon 99W.

Traffic impacts: No traffic impacts. This project is complete.

Oregon 213 – SE 82nd Avenue – SE King Road to Mt. Scott Creek Bridge Projects (17T036796)

Project description: This project is the second phase of a three-year project to install new sidewalk curb ramps at the corner of major intersections. In spring 2018, the final phase will pave and add new sidewalk curb ramps between SE Lindy Street and SE King Road.

Traffic impacts: Periodic daytime lane closures in both directions (between SE Southgate Street and King Road).

Tips for driving safely in work zones

An inattentive driver is the most common cause of work zone crashes. Drivers and their passengers — not workers — make up the majority of work zone fatalities.

What you can do:

- **SLOW DOWN!**
- **Pay attention**
- **Obey signs and flaggers**

Know before you go! Call 511 or visit www.TripCheck.com to check routes, work zones and road and weather conditions before you head out.
