

# Oregon 140 at Foothill Improvements

## NEW FOOTHILL ROAD EXPANSION

The new roundabout at Oregon 140 and Foothill Road will enhance safety and keep traffic moving. When open, it will be the sixth roundabout on an Oregon highway.

The roundabout will open to traffic once Jackson County's new Foothill Road extension to Atlantic Avenue is complete. For traffic bound for Eagle Point and Oregon 140, it will be a safer, more efficient option.

For safety, the existing Kershaw Road intersection will be changed to eliminate the highway crossing. Traffic will still be able to use the modified intersection for right in, right out and left in movements.
