McKinney-Vento Program Referral

- Low barrier referral system- referrals can come from school staff, community members, local organizations, and directly from students and families.
- Transportation support, free school meals, coordination with schools, and resource brokerage.

Referral to Program Social Workers

- Liaisons identify students and families who would benefit from ongoing case management support and resource navigation, and directly refer to a social worker (Alyssa).
- Liaisons can also refer students who have chronic absenteeism to social worker for additional support (Jenny).

Systems of Support and Connections

- Building-based support teams, including social workers, school counselors, substance use specialists, special education.
- Community mental health providers for support outside of school.
- Ongoing support and referrals to community organizations as needs arise.

Timeline

A Brief Overview

McKinney-Vento

The **McKinney-Vento Act's Education of Homeless Children and Youth Program**, ensures that homeless children and youth are provided a free, appropriate public education, despite lack of a fixed place of residence or a supervising parent or guardian.

Every school district in Oregon has **at least one designated Homeless Student Liaison** to provide direct assistance to homeless families and unaccompanied youths to access and achieve in school.

[Oregon's Student Success Act](#) has a [Student Investment Account](#) designed to support districts to reduce academic disparities and increase achievement of students in homeless living situations, those who are navigating poverty, and other historically underserved student groups. District Liaisons and ESDs are essential partners in this work.

ARP-HCY I & II

In recognition of the extraordinary impact of the pandemic on students experiencing homelessness, the American Rescue Plan provided states nationally \$800 million in aid through the ARP Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY) Fund. Oregon received **\$7,356,860** in funding from this program. Funding was allocated to states in two installments known as ARP-HCY I and ARP-HCY II.

Districts may use funds for any of the **sixteen uses permitted by the McKinney-Vento Act**. In addition, funds may be used for “any expenses necessary to facilitate the **identification, enrollment, retention, or educational success** of children and youth who are experiencing homelessness in order to enable their ability to attend school and participate fully in school activities.
