

Bulletin Development Team Honorees

The *SERV-OR Bulletin* is a totally volunteer produced newsletter. As the AmeriCorps VISTA supporting SERV-OR, one of my projects is to lead the coordination and distribution of this bi-monthly newsletter and without the help of a dedicated group of volunteers, the production of the *Bulletin* would not be possible. Throughout the past two years of my VISTA service, I have been fortunate to work with a team of volunteers who consistently step up to ensure this newsletter is an engaging reliable source of information and an effective tool for communicating preparedness updates for our community of readers to stay enlightened and informed.

The Bulletin Development Team (BDT) contributes to the newsletter by generating story ideas, proposing new features, conducting interviews, writing and editing content, providing photography, advising on layout, and offering critical feedback.

With much appreciation these current and former volunteer members of the BDT are recognized for their invaluable service in the production of the *SERV-OR Bulletin*: **Anthony “Tony” Brande, Alex Dolle, Alex Drungil, Jacqueline Felix, Caye Gomez de Soler, Jessica Hamner, Paul Kaplan, Jeff Rubin, Mark Schorr, and Mary Ellen Winterhalter.**
