

Lila Wickham and husband with their children and their spouses.

## Lila Wickham

**Lila Wickham** is the backbone of the Arch Cape/Cannon Beach MRC. For years, her hard work, gentle humor, and steady leadership have kept our team focused and our operations running. This year, in spite of a devastating personal situation, she still ensured that our supply caches, shelters, and readiness systems never faltered.

Her commitment to preparing this community for a Cascadia-level disaster is absolute. She gives everything—quietly, consistently, and without ever asking for credit. It's time we give her the recognition she has more than earned.
