

Training & Development – June 2026 Edition

In Person

June 25: [Emergency Preparedness for Community Leaders](#) (Irrigon, OR)

- 10 AM – 2 PM – [Register here](#).
- A great opportunity to connect with fellow community leaders and preparedness partners while learning practical strategies for emergency planning, coordination, and response.
- We encourage you to register and share this opportunity with colleagues, partners, and community stakeholders who may be interested.

June 29: [Medical Countermeasure \(MCM\) Point of Dispensing \(POD\) Training](#) (Madras, OR)

- 8 AM – 5 PM – [Register here](#).
- This training prepares local health department staff, Medical Reserve Corps (MRC) volunteers, and partner agencies to support Point of Dispensing (POD) operations during a public health emergency, with a focus on medical countermeasure distribution and measles vaccine response.
- We encourage you to share this training opportunity broadly with colleagues, partner agencies, Medical Reserve Corps (MRC) volunteers, emergency management partners, and others who may support public health emergency response operations.

[Click here](#) for details

[Vaccination Navigator Community Training for Community Health Workers](#) - A 4-part training to equip promotores, community health workers, and CHW instructors with information and tools to build vaccine confidence in their communities and navigate people to vaccine services. [Register here](#).

[Trusted Messenger Program](#) Training Series – [Sign up for the training](#)

Great health care starts with great communication. The tools, tactics, and strategies you need to improve your communication skills and strengthen your status as a trusted messenger.

[IS-317.A: Introduction to Community Emergency Response Team \(CERTs\)](#) – Interactive Web Based Course.

This Independent Study (IS) course is an introduction to the Community Emergency Response Team (CERT) program for those interested in learning about the CERT program for their own knowledge or as a pre-requisite for completing the CERT Basic classroom training that may be available in your community.

[IS-315.A: CERT and the Incident Command System \(ICS\)](#) - Interactive Web Based Course.

This Independent Study (IS) course introduces you to the Community Emergency Response Team (CERT) relationship to the Incident Command System (ICS), a proven management system used by emergency managers to help maintain the safety of disaster workers, provide clear leadership and organizational structure, and improve the effectiveness of rescue efforts.

[ICS- 100.C: Introduction to the Incident Command System \(Click Here\)](#) - Online, self-paced!

This training provides an overview of the Incident Command System and provides the foundation for high level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS)

[IS-200.C: Basic Incident Command System for Initial Response, ICS-200 \(Click Here\)](#) – Online, self-paced!

This training reviews the Incident Command System (ICS), provides the context for ICS within initial response, and supports higher level ICS training. This course provides training on, and resources for, personnel who are likely to assume a supervisory position within ICS.

[IS-700.B: An Introduction to the National Incident Management System \(Click Here\)](#) - Online, self-paced!

This training provides overview of the National Incident Management System (NIMS). The National Incident Management System defines the comprehensive approach guiding the whole community – all levels of government, nongovernmental organizations (NGO, and private sector- to work together seamlessly to prevent, protect against, mitigate, respond to, and recover from the effects of incidents. The course provides learners with a basic understanding of NIMS concepts, principles, and components

[IS-0800.D, National Response Framework, An Introduction \(Click Here for Details\)](#)

Provides guidance for the whole community. Within this broad audience, the National Response Framework focuses especially on those who are involved in delivering and applying the response core capabilities. Students should download and review the [National Response Framework](#) and review the National Response Framework document. You may then take the IS-800.d online exam for a completion certificate.

Trauma Informed Oregon (TIO) trainings

TIO is a centralized source of information and resources for trauma-informed efforts in multiple networks and systems, including housing, culturally specific care, mental health, education, juvenile justice, substance use treatment and others.
