

FEMA REGION 10 TRAINING OPPORTUNITY

FEMA

Course: AWR-347

Climate Adaption Planning for Emergency Management

Date:

September 29, 2023

Time:

8:00am - 4:00pm PT

Location:

Lynnwood, WA

Course Description:

Hosted by the National Disaster Preparedness Training Center (NDPTC) and FEMA Region 10. This course will prepare participants to describe the principles of climate adaptation planning for emergency management and first response processes. This course will train participants to be able to discuss the impact of weather hazards on critical infrastructure and key resources, and explain how climate change projects will affect those impacts. The processes of common weather hazards, climate variability, and climate change will be addressed alongside risk assessment paradigms.

Target Audience:

This course is intended for Federal, state, tribal, and local emergency management personnel; law enforcement; emergency medical services; fire service; hazardous materials; and public safety communicators.

Prerequisites:

There are no required prerequisites for this course.

Funding:

Tuition is free for those accepted; there are no travel/salary stipends available and all incurred costs are the responsibility of the attendee or sending organization.

To Apply:

Contact [Pam Anderson](#) if you are interested in attending this course. Enrollment confirmations will be sent approximately 15-days prior to the course via email.

Course Coordinator:

Pam Anderson
