

*How To: CLEAN  
Your BIRD FEEDER*

*IN FOUR EASY STEPS*

*SWIPE* 

**Step 1: Gather all your supplies: gloves, bucket, bleach, brushes, and measuring cup.**

**\*Feeders should be cleaned at least once a month.**

Step 2: Mix one part bleach with nine parts hot water and soak all parts of your bird feeder in the mixture for at least 10 minutes.

**Step 3: Using your brush, clean the entire exterior & interior of the feeder, including all the holes and crevices.**

Step 4: Rinse your feeder and all parts thoroughly with fresh water. Let your feeder air dry completely before refilling.

*THANK YOU FOR  
HELPING TO KEEP  
OUR BIRDS SAFE  
AND HEALTHY.*
