

VOLUNTEER SPOTLIGHT

Karen Kennedy

When did you start volunteering? 2012

Why did you choose DAS? Because we can really make a difference saving animals and getting them into homes.

What's your favorite part of volunteering at DAS? I love both dogs and cats. I personally focus on the cats because the dogs are more needy and I feel sad to leave them there. The cats are appreciative too, they like being held, cuddled, and it brings me genuine peace and joy to do that. Fraydy cats are very gratifying as they improve and become adoptable.

What's your favorite thing to do when you're not volunteering? It's all home based right now. Trying to do some online exercising. I spend time on my computer, take care of my 5 animals - 2 dogs and 3 cats, and tend to foster kittens, whom almost always have.

What's your favorite show? Too many to chose. Watching different series on Netflix, Amazon, Hulu.
