Texas Department of Motor Vehicles
HELPING TEXANS GO. HELPING TEXAS GROW.

TxDMV's new online self-service hub, eLICENSING, is now available to motor vehicle and salvage dealers, and other industry licensees. TxDMV exclusively uses this online system to receive and process all license applications, amendments, and renewals.

Join us for an informational webinar to learn more about the new eLICENSING system and how easy it is to renew your license, make an amendment, or even submit an application for a new license.

eLICENSING System Benefits:

- Provides 24-hour access to licensing information
- Eliminates paper processing and associated time delays
- Guides you through the application process to support faster approvals
- Allows you to submit license renewals/new applications and payments online
- Lets you upload the documents you previously had to mail to TxDMV
- Enables you to track the progress of submitted applications

NOTE: The session will provide an introduction to the eLICENSING system and cover the material previously presented in eLICENSING webinars.

Informational Webinar for Motor Vehicle and Salvage Dealers
