Texas Department of Motor Vehicles

HELPING TEXANS GO. HELPING TEXAS GROW.

The Texas Department of Motor Vehicles (TxDMV) is updating the eTAG system (the system used for Buyer Tags). This change will move the eTAG system into webDEALER (the title application system).

As a result, webDEALER will become the system to work from for the creation of Buyer Tags (or other tags).

Join us for an informational webinar to learn more about the updated eTAG and webDEALER systems.

Benefits of the eTAG/webDEALER update:

- Users who are set up in both eTAG and webDEALER, will be able to issue Buyer Tags (or other tags) and create title applications without having to log into different systems
- All tags printed through eTAG will have enhanced security features
- Buyer Tags for out of state purchasers may be paid for online by credit card

Informational Webinar for Motor Vehicle Dealers
