The Texas Commission on Environmental Quality (commission) has completed its Rule Review of 30 TAC Chapter 80, Contested Case Hearings, as required by Texas Government Code, §2001.039. Texas Government Code, §2001.039, requires a state agency to review and consider for readoption, readoption with amendments, or repeal each of its rules every four years. The commission published its Notice of Intent to Review these rules in the January 4, 2019, issue of the *Texas Register* (44 TexReg 121).

The review assessed whether the initial reasons for adopting the rules continue to exist and the commission has determined that those reasons exist. The rules in Chapter 80 provide the procedures for contested case hearings regarding permit applications and enforcement actions, including action by the commission on these items and requirements for challenging final actions of the commission. The review also determined Subchapter A, §80.3 and §80.5; and Subchapter F, §80.251 are obsolete.
