IVTRS: Online Registration Renewal for Active-Duty Military Service Members (or Spouses) without a Texas Address

Effective February of 2026, active-duty military service members (or spouses) serving outside of Texas, but claiming Texas as their legal domicile/residence, can register or renew their Texas vehicle registration without providing a physical address in Texas.

IVTRS has been updated to allow for the presentation and use of attestation functionality for active military members (or spouses) to complete an online transaction without a Texas address associated with the vehicle record. The attestation is presented after the entry of address information is provided at the time of online renewal. The attestation statement and information are provided in both English and Spanish.

Update to Sales Tax Exempt Reasons

As a result of House Bill (HB) 4226 and Senate Bill (SB) 2064 the following tax-exempt reasons were added to the Exempt Reasons dropdown menu located on the **Sales Tax TTL012** screen:

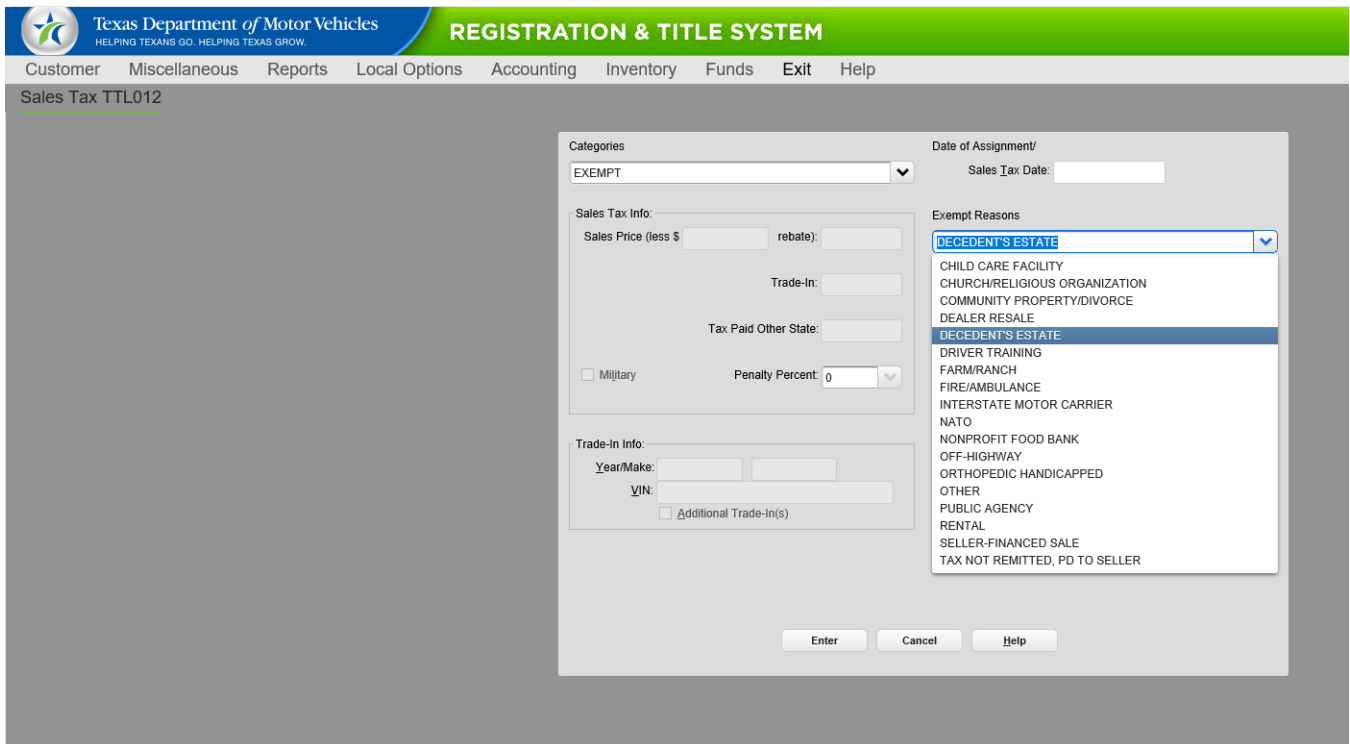

- Decedent's Estate
- Nonprofit Food Bank

As a result of these additions, "Other" should no longer be selected if one of the above exempt reasons applies to the transaction.

In addition to these updates, the following tax-exempt reasons have been removed from the Exempt Reasons dropdown menu on the **Sales Tax TTL012** screen:

- Heirship
- Minor

Sales Tax TTL012 screen:

The screenshot displays the 'Sales Tax TTL012' screen within the 'REGISTRATION & TITLE SYSTEM'. Bexar County added to list of emissions counties

Bexar County was added to the list of emissions counties and RTS was updated to require the collection of the emissions inspection fee beginning on November 1, 2026. Registration processed prior to the effective date of November 1, 2026, will not require an emissions inspection and will not be charged the emissions inspection fee, regardless of the registration expiration date.

As currently programmed for the existing 17 emissions counties, if an emissions inspection is found the system will charge the appropriate \$2.75 Emissions Inspection Fee. If an inspection is not found, the system will provide an option to manually verify the inspection. Exempt From Emissions options remain as previously programmed.

Vehicle Registration Renewal Notices (Paper and Electronic)

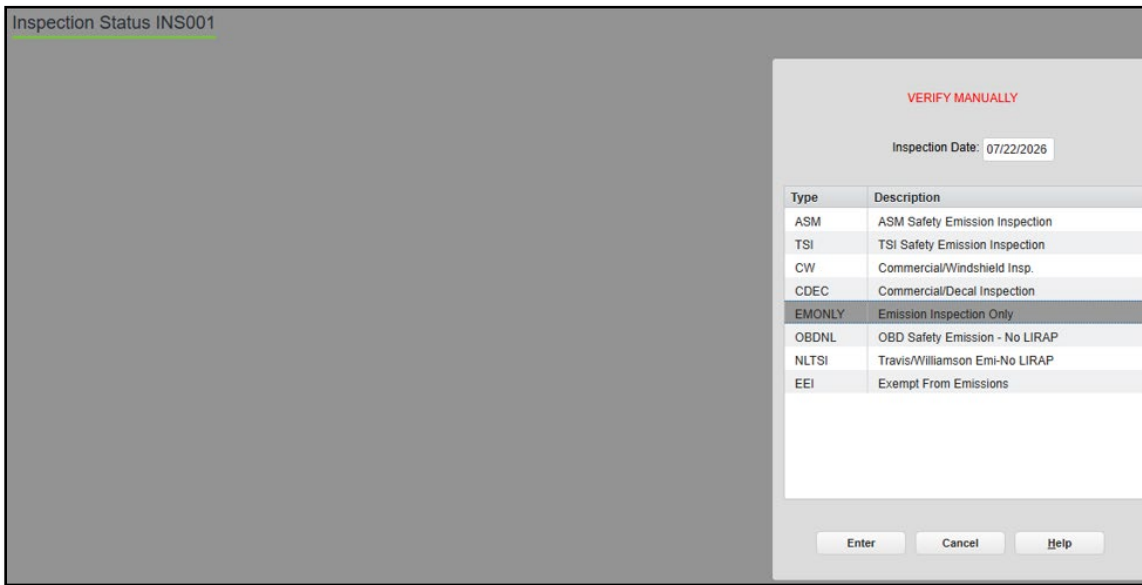

Bexar County residents with November 2026 expirations will start seeing emissions messaging on renewal notices that are distributed in September of 2026. If the vehicle is exempt from an emissions inspection, the EMISSIONS INSPECTION FEE will not be charged.

When processing online renewals in IVTRS, if no Inspection is found, the customer will be provided with the options to select from the Affidavit Exempt Reasons.

Registration Renewal: Affidavit Exempt Reasons

- ☐ Is your vehicle out of state? You must complete a Texas emissions inspection upon returning to Texas. A remark will be placed on your vehicle record indicating an emissions inspection is still due. Law enforcement will not be able to electronically verify your emissions inspection. You will need to retain your vehicle inspection report to show to law enforcement because the remark will not be removed at the time of emissions inspection. I certify that I am entitled to continue to renew my Texas registration and the vehicle is out of state and unable to complete the required emissions inspection. I understand I must obtain a passing Texas emissions inspection when the vehicle returns to Texas. I understand that a remark will be placed on my vehicle record informing law enforcement to verify my vehicles emissions inspection status.
- ☐ Vehicle is not subject to the Texas Vehicle Emissions Inspection and Maintenance Program because said vehicle is not and will not be primarily operated (driven, parked, or stored for 60 calendar days per testing cycle) in affected counties. I further certify that in the future if said vehicle is primarily operated in affected counties, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, but operated outside an affected county, e.g., company fleet vehicle, hunting vehicle, exempt from emission test on resale, etc.)
- ☐ Vehicle is no longer subject to the Texas Vehicle Emissions Inspection and Maintenance Program because said vehicle is no longer and will no longer be primarily operated (driven, parked, or stored for 60 calendar days per testing cycle) in affected counties. I further certify that in the future if said vehicle is primarily operated in affected counties, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, but owner does not currently reside in an affected county and will not operate over 60 days per calendar year in an affected county, e.g., someone who moved from an affected county)
- ☐ Will not return to an affected county prior to the expiration of the current inspection certificate. I further certify that immediately upon return to an affected county, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, and primarily operated in an affected county, but outside county upon expiration of inspection certificate, e.g., student, vacationer, extended out-of-town business, etc.)
- ☐ Military tactical vehicle or Slow-moving vehicle defined as a motor vehicle designed to operate at a maximum speed of 25 MPH or less.
- ☐ None of These Apply

Continue Cancel

If the customer selects None of These Apply, the system will provide a message indicating that an emissions inspection cannot be verified. Customers will be instructed to either visit their county tax office with their Vehicle Inspection Report or obtain a passing emissions inspection.

webSUB Locations

Subcontractor locations that have been set up to allow for manual verification of inspection will follow the existing process. Otherwise, if an inspection is not found in the database, customers renewing at a webSUB location that does not allow for manual verification must be directed to the county tax office to renew.

RRTS-32828	'Select All' checkbox on Disabled Placard Report MRG027 screen has been updated to properly select all offices. 																																			
RRTS-39324	IVTRS - For multi-vehicle transactions, refund only works for first vehicle declined by county Issue: For multi-vehicle transactions, county decline refunds are failing in FDMS when a second or subsequent refund is generated for the same trace number. Previously, the county decline refund process used a trace number suffix of "R". Solution: To support multiple refunds associated with the same trace number, the refund trace number logic has been updated to allow additional alphabetic suffixes (for example, R, S, T, U, etc.). This allows multiple refunds tied to the same trace number to be processed successfully by FDMS. <table><tr><th>Transaction Type Code</th><th>Txn Date & Time</th><th>Amount</th><th>Cardholder Name</th><th>Order #</th></tr><tr><td>CC</td><td>08/05/2026 10:20:41 AM</td><td>8.00</td><td>BOB BROWN</td><td>57VRTSC6233YC</td></tr><tr><td>CC</td><td>08/05/2026 10:20:41 AM</td><td>418.50</td><td>BOB BROWN</td><td>57VRTSC6233YB</td></tr><tr><td>CCCR</td><td>08/05/2026 10:24:56 AM</td><td>-132.75</td><td>BOB BROWN</td><td>57VRTSC6233YBS</td></tr><tr><td>CCCR</td><td>08/05/2026 10:24:39 AM</td><td>-76.75</td><td>BOB BROWN</td><td>57VRTSC6233YBR</td></tr><tr><td>CCCR</td><td>08/05/2026 10:25:12 AM</td><td>-135.50</td><td>BOB BROWN</td><td>57VRTSC6233YBT</td></tr><tr><td>CCCR</td><td>08/05/2026 10:25:28 AM</td><td>-73.50</td><td>BOB BROWN</td><td>57VRTSC6233YBU</td></tr></table>	Transaction Type Code	Txn Date & Time	Amount	Cardholder Name	Order #	CC	08/05/2026 10:20:41 AM	8.00	BOB BROWN	57VRTSC6233YC	CC	08/05/2026 10:20:41 AM	418.50	BOB BROWN	57VRTSC6233YB	CCCR	08/05/2026 10:24:56 AM	-132.75	BOB BROWN	57VRTSC6233YBS	CCCR	08/05/2026 10:24:39 AM	-76.75	BOB BROWN	57VRTSC6233YBR	CCCR	08/05/2026 10:25:12 AM	-135.50	BOB BROWN	57VRTSC6233YBT	CCCR	08/05/2026 10:25:28 AM	-73.50	BOB BROWN	57VRTSC6233YBU
