The CCMR Bridge: Gap Analysis & Funding Summit

In conjunction with: Advanced Technologies Consultants and Dallas College

EVENT OVERVIEW:

Stop chasing metrics—start driving measurable outcomes. Join **Advanced Technologies Consultants (ATC)** for a high-impact working **BBQ lunch** created exclusively for **North Texas CTE leaders** and college deans. This focused session goes beyond the "what" of technology and dives into the "how"—how to strategically align programs, funding, and industry-recognized credentials to improve student success and district performance.

AGENDA HIGHLIGHTS:

- **The Audit:** Receive a custom CCMR Scorecard to identify gaps in your program alignment, performance and return on investment.
- **The Strategy:** Pinpoint "low-hanging fruit"—certifications that boost district scores and student employability fast.
- **The Technology:** Explore scalable Foundational Labs designed to reach your largest student populations without increasing complexity or cost.
- **The Funding:** Expert insights on navigating Perkins V and grant alignment for the 2026-27 cycle.

Date: Wednesday, March 4th, 2026
