North Riverside Drive 36-inch Water Main – Springdale to Booker

Your project team includes:

Project Manager: Dena Johnson

- 817-392-8820
- Dena.Johnson@FortWorthTexas.gov

Engineering Design Consultant:

- Dunaway Associates
- Bryan Sherrieb

What is the importance of this capital project?

In order to improve the water delivery to the north side of Fort Worth, the Fort Worth Water department will install a 36-inch in diameter water main on North Riverside Drive from Booker Street, north to Springdale Road.

This project also includes the replacement of smaller diameter cast iron water mains and deteriorated sanitary sewer mains along the alignment of the proposed 36-inch in diameter water main.

Cast Iron Water Mains will be replaced in . . .

North Riverside Drive
Eagle Drive
Carnation Avenue
Bolton Street
Honeysuckle Avenue
Race Street

Cast Iron Water Mains will be replaced in . . .

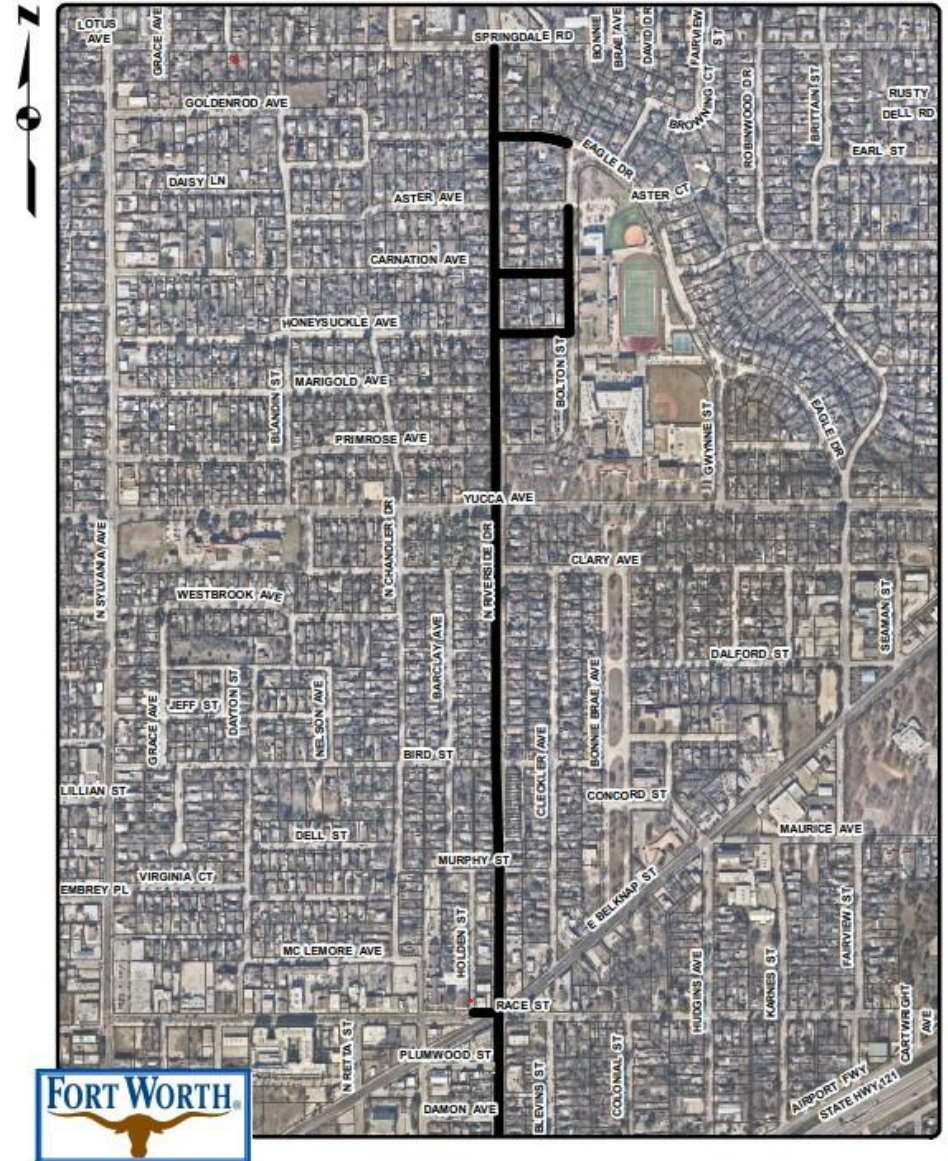

Conway Street
Chenault Street
Fisher Avenue
Swayne Avenue
Ennis Avenue
And, East 12th Avenue

**This project spans 1.2 miles
– this is the north end**

Springdale Road to the north
and Booker Street to the
south

North Riverside Drive 36-inch Water Main Replacement Project - Springdale Road to Damon Avenue

North Riverside Drive from Booker Street north to Springdale Road

North Riverside Drive from Booker Street,
north to Springdale Road

- Water main and sewer main replacement

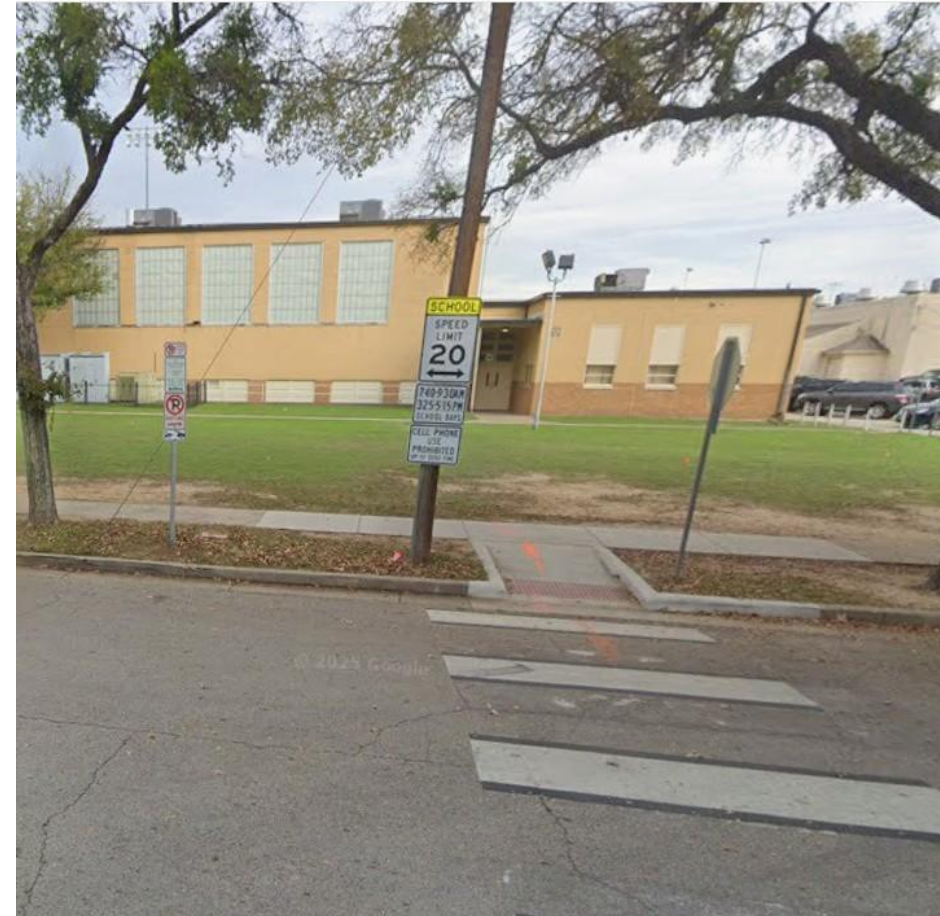

Eagle Drive, Carnation Avenue & Honeysuckle Avenue

Eagle Drive from North Riverside Drive to Bolton Street (water main replacement)

Carnation Avenue from North Riverside Drive to Bolton Street (water main replacement)

Honeysuckle Avenue from North Riverside Drive to Bolton Street (water main replacement)

Bolton, Race and Conway Streets

Race Street from North Riverside Drive, then to the west 145 feet

Conway Street from North Riverside Drive to Blevin Street (water main replacement)

Conway Street, Chenault Street and Swayne Avenue

Chenault Street from Riverside Drive to Swayne Avenue (water main replacement)

Swayne Avenue from Fisher Avenue, to the south 120 feet (water main replacement)

Fisher Avenue, Ennis Avenue and East 12 Street

Fisher Avenue from Riverside Drive to Swayne Avenue (water main replacement)

Ennis Avenue from 500 feet north and 120 feet west of the Riverside Drive/East 12th Street intersection, then to the east 295 feet (water main replacement)

East 12th Street from South Retta Street, then to the east 725 feet (water main replacement)

How will we know when construction will start?

Customers need to keep an eye on your front door for a door hanger from the City of Fort Worth.

You will receive two door hangers.

The first one says
“Construction Starts in 7 Days.”

WATER UTILITY IMPROVEMENTS

Construction Starts in 7 Days

WATER AND/OR WASTEWATER improvements are coming to your neighborhood. Crews are scheduled to begin work within the next SEVEN days, weather permitting.

Residents will have access to homes at all times. Water service will only be interrupted for short periods of time and advance notice will be provided as to when this will occur. There is never an interruption to wastewater service.

Residents are asked to keep all vehicles off both sides of the street during the week from 7 a.m. to 6 p.m. Travel and driveway access will be limited at times during construction.

For questions, please call 817-392-8306.

MEJORAMIENTO EN LA UTILIDAD DE AGUAS

Construcción Comienza en 7 días

Mejoramiento a agua y aguas residuales llegan a su vecindario. Los equipos están programados para comenzar a trabajar dentro de los próximos SIETE días, si el tiempo lo permite.

Los residentes tendrán acceso a sus hogares en todo momento. El servicio de agua sólo será interrumpido por períodos cortos del tiempo y el previo aviso será proporcionado en cuanto a cuando esto ocurra. Nunca hay una interrupción de servicio de alcantarillado y saneamiento.

Se pide a los residentes que retiren todos los vehículos desde a ambos lados de la calle durante la semana de 7 a.m. a 6 p.m. Los viajes y el acceso a la cochera estarán limitados a veces durante la construcción.

Para preguntas, por favor llame al 817-392-8306.

How will we know when construction will start?

The second door hanger says, "Construction Starts Tomorrow."

Businesses will be alerted 48 hours before construction starts.

The inspector will include his/her business card and contact information on the door hanger.

WATER UTILITY IMPROVEMENTS

Construction Starts TOMORROW

WATER AND/OR WASTEWATER improvements are coming to your neighborhood. Crews are scheduled to begin work **TOMORROW**, weather permitting.

Residents will have access to homes. Water service will only be interrupted for short periods of time and advance notice will be provided as to when this will occur.

Residents are asked to keep all vehicles off both sides of the street during the week from 7 a.m. to 6 p.m. Travel and driveway access will be limited at times during construction.

For questions, please call 817-392-8306.

MEJORAMIENTO EN LA UTILIDAD DE AGUAS

La construcción empieza MAÑANA

Mejoramiento a agua y aguas residuales llegan a su vecindario. Los equipos están programados para comenzar a trabajar **MAÑANA**, si el tiempo lo permite.

Los residentes tendrán acceso a sus hogares en todo momento. El servicio de agua sólo será interrumpido por períodos cortos del tiempo y el previo aviso será proporcionado en cuanto a cuando esto ocurra. Nunca hay una interrupción de servicio de alcantarillado y saneamiento.

Se pide a los residentes que retiren todos los vehículos desde a ambos lados de la calle durante la semana de 7 a.m. a 6 p.m. Los viajes y el acceso a la cochera estarán limitados a veces durante la construcción.

Para preguntas, por favor llame al 817-392-8306.

Will our water be turned off during construction?

Water will be turned off for 15–30 minutes when service is transferred from the existing line to a temporary water line, and when the service is transferred from the temporary to the new line. These switchovers are done during the day.

The contractor will knock on the door and let customers know when the water will be turned off. The transfer typically takes 30 minutes per house or business.

Will the construction affect my irrigation?

The contractor has to cap irrigation lines before construction starts.

The contractor may ask property owners to turn on their irrigation systems so the sprinkler heads can be located and flagged.

The contractor will replace capped or damaged irrigation systems.

Will I have access to my driveway during construction?

The inspector and the contractor will work with residents who need driveway access during active construction hours.

Will the City's trash truck be able to pick up my trash and recycling during construction?

If your side of the street is closed on your scheduled trash collection day, the contractor will take your trash and recycling carts to the opposite side of the street so the trash collection vehicle can pick it up.

Do you replace the water service line up to my house?

We replace the City-owned service line to the property line. We also replace the water meter and meter box and will repair impacted areas on your property. We do not replace the water line from the water meter to your home or business.

The service line from the water meter to your home or business is considered private plumbing and, in the event of a leak, repairs need to be done by a licensed plumber at the homeowners' expense.

Will our sewer service be disrupted?

Sanitary sewer service will not be interrupted. New sewer cleanouts will be installed at the property line. The sewer cleanout provides crews easy access if a backup or blockage occurs.

Will you need access to our property?

Construction will be in the streets and easements. If Fort Worth Water needs access to your property you will be contacted. If an easement is needed for your property, a city land agent will contact you soon.

What part of Fort Worth does this impact?

This Fort Worth Water capital improvement project is in City of Fort Worth Council District 11.

Project area landmarks include Andrew "Doc" Sessions Community Center, Versia L Williams Elementary School, Amon Carter Riverside High School, Riverside Middle School, Riverside Library and Oakhurst Elementary School.

The neighborhood associations include the Carter Riverside neighborhood association, Riverside Alliance, Vintage Riverside neighborhood association, and the United Riverside neighborhood association.

How do I report an emergency or non-emergency?

Emergencies

Water main breaks, sewer backups - 24 hours a day
817-392-4477, Select Option 1

Water Call Center (non-emergency)

- 7 am to 7 pm Monday through Friday
- 817-392-4477
- Closed City holidays

Download the MyFW app from the App Store or Google Play. You can report sewer overflows, leaks and water main breaks, missing or broken meter lids, water theft, water violations, no water service, water pressure issues and other sewer concerns.

Where can I get more information?

Progress will be updated on the City of Fort Worth website at [www.FortWorthTexas.gov](https://www.fortworthtexas.gov). Type 105433 in the search bar on the home page.
