

# Office of the Texas Governor Child Sex Trafficking Team

## Upcoming Training Opportunities

### **Child Sex Trafficking: From Suspicion to Disclosure**

National Criminal Justice Training Center of Fox Valley Technical College

April 12, 2023, from 8:00 AM - 3:00 PM CST

Learn basic techniques and strategies to enhance the likelihood of obtaining information from possible victims of child sex trafficking. Compare and contrast typical child sexual abuse and child sex trafficking (CST) cases and address the different points of entry into the criminal justice and welfare system for CST victims. Understand various disciplines' roles and responsibilities and how they can contribute to a positive outcome of the CST case. Examine question strategy, interview dynamics, language use, and interview suggestions. Discuss the business model of child sex trafficking as it relates to a variety of crimes, including the use of child sexual abuse material (CSAM).

### **CSE-IT Train-the-Trainer**

WestCoast Children's Clinic

April 18, 2023, from 10:00 AM - 5:00 PM CST

### *Fee Required*

The Train-the-Trainer (T3) is for current CSE-IT users, providing certification to hold in-house training. This empowers your organization to provide ongoing, internal training on the CSE-IT accommodating for

new hires and the expansion of screening. The CSE-IT Train-the-Trainer is open to those who have previously attended a CSE-IT training and have used the CSE-IT for a minimum of 6 months, directly supervised staff using the CSE-IT for a minimum of 6 months, or experienced trainers with other CSEC training experience.

### **Following the Evidence in Child Abuse and Exploitation Cases**

National Criminal Justice Training Center of Fox Valley Technical College  
April 26-27, 2023, from 10:00 AM - 6:00 PM CST

Examine the importance of multidisciplinary team (MDT) case coordination and evidence corroboration in the investigation of child abuse cases. Various members of the Multi-Disciplinary Team, such as law enforcement, child protective services, and forensic interviewers may gather different or differing information. Learn how to evaluate evidentiary findings through crime scene images, interviews and case studies. Understand multidisciplinary team members' roles and responsibilities for protecting child victims and prosecuting offenders. Focus on offenders' use of technology, including the use of child sexual abuse material (CSAM) in grooming and manipulation. Discuss a variety of technology that can be used by investigators.
