

HHS wants to hear from you!

Your feedback will help identify ways HHS can strengthen the No Wrong Door system, a streamlined and coordinated system to help Texans access long-term services and supports (LTSS) in the community. LTSS includes, but is not limited to, day activity health services, home health aide services, personal care services, home-delivered meals, transportation, and family caregiver support services.

Specifically, we'd like to learn:

- How you heard about LTSS.
- Where you went to apply for or receive LTSS (including online or by phone).
- Your experiences learning about or accessing LTSS through an information and referral phone line, HHSC website, or other virtual way.
- Anything else you'd like to share about your experience trying to find and access LTSS.
