### **Lone Star Governance Purpose**

The purpose of Lone Star Governance is to provide coaching and support, through a continuous improvement framework, for school governing teams (Boards in collaboration with their Superintendents) that choose and commit to intensively focus on the objective to improve student outcomes. Lone Star Governance accomplishes this intense focus through tailored coaching aligned to the five pillars of the Texas Framework for School Board Development: Vision, Accountability, Structure, Advocacy, and Unity. In addition to the primary focus on improving student outcomes, Lone Star Governance provides systems for governing legal and fiscal responsibilities.

### **Legal Notice**

### **Regional LSG Workshops**

Section 551.001(4)(B) of the Texas Government Code permits School Boards to participate in regional workshops held outside the governmental body's jurisdiction if the members do not take final action or deliberate regarding public business. Therefore, although board members are encouraged to ask questions during this workshop, the questions must be limited to clarification of the content of the workshop, not an attempt to obtain guidance or legal advice regarding circumstances specific to pending or future board matters.

Board Members are cautioned not to discuss anything that could be construed as deliberation of a current or future board action item on the ride to and from the workshop or over meals. Attendance at this workshop does not relieve board members of their responsibility to ensure compliance with the Open Meetings Act.

Regional LSG Workshops are posted on the TEA website: https://www.TEA.Texas.gov/LSG.

### **Local LSG Workshops**

Workshops conducted for a single School Board involving a quorum of the Members must be posted as a board meeting under the Opens Meeting Act according to Texas Government Code § 551.041, be posted expressly for the delivery of board member continuing education according to 19 Texas Administrative Code §61.1(e), be open to the public according to Texas Government Code § 551.002, and take place within the boundaries of the district according to the Texas Education Code § 26.007.

For additional guidance regarding the Open Meetings Act, please consult the Open Meetings Handbook from the Office of the Attorney General at <a href="https://www.texasattorneygeneral.gov/sites/default/files/2018-06/OMA\_handbook\_2018.pdf">https://www.texasattorneygeneral.gov/sites/default/files/2018-06/OMA\_handbook\_2018.pdf</a> and/or contact your Board's legal counsel.

### **LSG Details**

### **LSG Workshop Details**

The Intention of the Lone Star Governance 2-Day Workshop is to create a supportive space in which governing teams can learn about and can prepare for the commitment to intensely focus on improving student outcomes as described by the Lone Star Governance Integrity Instrument. The workshop is a conversation about researched school board behaviors that improve student outcomes. The Workshop draws from the participants' respective experiences and their school's performance. The underlying belief is that leadership matters and that leaders' choices have the power to be transformative in the lives of our students.

### **LSG Continual Coaching and Support**

Lone Star Governance Coaches are committed to provide continual coaching and support to school boards as they work to implement the behaviors that have been shown to increase student outcomes. The continual engagement between a school board and coach has been shown to make the difference in successful implementation to improve student outcomes.

### **LSG Training Hours & Certificates**

The Lone Star Governance workshop earns School Boards and individual board members continuing education training credit. School Boards, in which, all members attend the LSG Workshop earn credit to satisfy the required annual Team Building, bi-annual Evaluating and Improving Student Performance, all additional annual Framework Hours, the Opens Meeting Act, and earn a School Board LSG Certificate. School Boards, through continual engagement with an LSG Coach, will be supported with all required trainings and the implementation of best practices to improve student outcomes.

### **LSG Tools & Templates**

In order to support School Boards, LSG tools and templates, as well as, actual examples from various schools across Texas are available at http://www.tea.texas.gov/lsg. The templates are downloadable and designed to be customized to meet your local vision and values. Texas State accountability scores for each school system can be viewed at https://txschools.gov/.

### LSG Leaderboard

The LSG Leaderboard celebrates those that have made the choice to continually improve their behaviors in order to improve student outcomes using the LSG Integrity Instrument to selfevaluate progress. A LSG Coach verified Quarterly Tracker score of 60 or above earns a spot on the LSG Leaderboard that can be viewed at http://www.tea.Texas.gov/lsg.

# INTEGRITY INSTRUMENT

# STUDENT OUTCOMES DO NOT CHANGE UNTIL ADULT BEHAVIORS CHANGE STARTING WITH ME

A continuous improvement framework for school governing teams that commit to focus on improve student outcomes.

School Boards self-evaluate their performance every three months on research-based governance behaviors.

Frequently self-evaluating provides a rational means of continually improving and monitoring adult behaviors.

The definitions used throughout the LSG Instrument (shown in **bold**) are provided in the glossary.

### **EVALUATION NOTES**

The Standard of evidence for items where board action is required will be the minutes of the meeting during which the Board voted to take the described action. Where an opinion of the Board is required, a resolution or vote passed by the Board will meet the standard of evidence. Any Board completing a self-evaluation using the LSG Integrity Instrument that is supported or reviewed by an LSG Coach may submit the review for the LSG Leaderboard. If the Board would like their selfevaluation reviewed by an LSG Coach, please email the completed LSG Integrity Instrument to LSG@tea.texas.gov.

### **THEORY OF ACTION (EXAMPLES)**

### **One Best School System**

If the district empowers individual educators to determine instructional materials and methods for their classes; and if the central administration directs all operational and budgetary functions; then teachers will be able to accomplish the Board's student outcome goals while central administration ensures that all operations remain within the Board's constraints.

### Managed Instruction

If the district's central administration directs all instructional materials and methods; and if the central administration ensures that students experience consistency and quality of instructional delivery across all campuses; then the district, through the central administration, will be able to accomplish the Board's student outcome goals while operating within the Board's constraints.

### **Earned Autonomy**

If the district's central administration directly administers some campuses and grants varying levels of autonomy to other campuses; and if the central administration clearly defines operational thresholds that deserve higher levels of autonomy; and if the central administration clearly defines the specific autonomies earned; and if campuses having earned autonomies agree to operate in pursuit of the Board's student outcomes goals while operating within the Board's constraints; then the district, directly and through autonomous campuses, will be able to accomplish the Board's student outcome goals while operating within the Board's constraints.

## **Performance** Management

If the district focuses central administration on the most critical functions of campus accountability and HR support; and if the district provides differentiated paths of continuous improvement for all educators -- whether in administrative roles or classroom roles; and if the differentiated HR system methodically identifies paths for performance improvement, aligns educator incentives with student outcomes, and ensures that educator placement is a function of student needs rather than adult preferences; then the district, through its campuses, will be able to accomplish the Board's student outcome goals while operating within the Board's other constraints.

### System of **Great Schools**

If the district devolves autonomy from the central administration to campuses; and if the district empowers parents to make choices; and if the district creates performance contracts with campuses; and if the district annually evaluates performance of and demand for high performing campuses; and if the district makes strategic decisions regarding growing access to high performing schools and addressing low performers; then campuses will be able to accomplish the Board's student outcome goals while operating within the Board's other constraints.

### **Evidence & Future Plans**

**Campus 1: 38% Economically Disadvantaged Students** 

The plan moving forward is......

**Campus 2: 74% Economically Disadvantaged Students** 

By signing below, I affirm that the information being evaluated is complete and accurate				
	Board President	Targets Met	6	
	Board Secretary	Targets Not Met	2	
	Superintendent	% Targets Met	75	

Superintendent summative evaluation targets are considered met if the Student Outcome Goal or Constraint is met OR 2/3 of the respective GPMs or CPMs are met. Superintendent performance is considered met if 75% or more summative evaluation targets are met.

If 75% of the evaluation targets are not met, The Board will use their own judgement for performance based upon the Monitoring Reports received and voted on according to the Monitoring Calendar.

### **Glossary**

**Annual Targets:** A measure's yearly outcomes. The aggregate of all student groups identified by the population. These are never Goal Progress Measures.

**Annual Student Group Targets:** A measures yearly outcomes for each applicable student group identified by the closing the gaps domain with 25 or more students.

**Baseline:** The measure's agreed starting point, current state. Used for comparing and monitoring growth.

**Board Authorized Public Meetings:** Any non-closed meeting authorized by the Board or Board president including, but not limited to, Board workshops, Board hearings, and Board committees.

**Board Self-Constraints:** Specific operational actions or class of actions the Board places on itself and/or members that support behaviors that keep the boards' focus on board work, align with the vision, and grounded in community values.

**Board Self-Evaluation:** Boards use the LSG Integrity Instrument to self-evaluate quarterly as a means of monitoring whether or not their adult behaviors are increasingly focused on improving student outcomes.

**Board Work:** Operations designated by state or federal law/rule or items designated by the Board's adopted student outcome goals, constraints, vision, and/or values. Items that are not legally required and that the Board has not designated as Board work are, by default, Superintendent work.

**Consent-eligible Items:** All items for Board consideration that may be placed by default on the Board's consent agenda. Examples: personnel actions, contract renewals, previous meeting minutes, policy updates, construction amendments, non-monitoring administrative reports, committee reports, enrollment updates, regular financial reports where financial activities remained within budgetary parameters, and any other item up for Board consideration.

**Constraint:** Specific operational actions or class of actions that are not used or allowed and are aligned with the vision and grounded in community values.

**Constraint Progress Measures (CPMs):** Specific graph-plottable indicators used to determine if the superintendent constraint is likely to be honored or not. CPMs include a baseline, target, population, and deadline, are predictive of the constraint, and influenceable by the Superintendent.

**Deadline:** Month and year by when the measure's current state will equal the future state by reaching the target.

Goals: Specific, measurable, attainable, results-based, and timebound statements that describe a desired state.

Goal Progress Measures (GPMs): Specific graph-plottable indicators used to determine if the goal is likely to be met or not. GPMs include a baseline, target, population, and deadline, are predictive of the goal, and influenceable by the Superintendent. It is recommended that the Superintendent select one to three GPMs per Student Outcome Goal.

Inputs: Resources and activities invested in a particular program, process, or strategy; usually knowable at the beginning of a cycle; a measure of effort applied. In school systems, operational and instructional inputs are selected by the Superintendent.

**Influenceable:** The Superintendent has authority over roughly 80% of whatever the progress measure is measuring.

**Leadership Evaluations:** Routine monitoring of Board and Superintendent performance conducted by the Board. Superintendent evaluation is indistinguishable from district evaluation. As such, the Superintendent's evaluation is based only on accomplishment of the student outcome goals, avoidance of the constraints, and progress as determined by their respective progress measures.

Lone Star Governance (LSG): The State of Texas' continuous improvement framework for governing teams -- Boards and their Superintendents -- that choose to be intensely focused on improving student outcomes. Governing teams that implement the LSG framework with integrity understand that student outcomes don't change until adult behaviors change. Starting with me.

LSG Integrity Instrument: A continuous improvement framework, used for quarterly self-evaluations on researched based behaviors, for school governance teams that commit to focus on improving student outcomes.

Monitoring Calendar: A Board-adopted multi-year schedule that describes the months during which student outcome goals, constraints, and progress measures are reported to the Board and when leadership evaluations are conducted.

Monitoring Report: A report that provides evidence of progress to the Board regarding their adopted Student Outcomes Goals, Goal Progress Measures, Constraints, and Constraint Progress Measures according to the Monitoring Calendar. A monitoring report must contain: the student outcome goal and GPM or constraint and CPM being monitored; the current status of the student outcome goal and GPM or constraint and CPM compared to previous, annual, and deadline targets; the Superintendent's interpretation of performance; and supporting information that describes any needed next steps.

Other Outcomes: A measure of school system results that are not student results; outcomes that are not student outcomes. Examples: parent engagement, financial performance, staff retention.

Other Topics: Items that require board debate, discussion, and/or discernment during a board authorized public meeting that are categorized as Other Topic Minutes according to the Time Use Tracker.

Outcomes: The impact of the program or strategy; usually knowable at the end of a cycle; a measure of the effect on the intended beneficiary.

Outputs: The result of a particular set of inputs; usually knowable in the midst of a cycle; a measure of the implementation of the program, process, or strategy. In school systems, operational and instructional outputs are selected by the Superintendent. Example: interim assessment.

**Population:** The group of students who will be impacted, evaluated, and/or who are being measured.

**Predictive:** There is some evidence of a correlation between the progress measure and the student outcome goal or constraint.

Quarterly Progress Tracker: A tool used to monitor the progress of Board self-evaluation scores using the LSG Integrity Instrument.

**Staff Use Tracker:** A tool used to report the average cost of staff time spent on governance.

Standard of Evidence: Physical evidence that can be provided to support the score in the LSG Integrity Instrument. Items where board action is required will be the minutes of the meeting during which the Board voted to take the described action. Where an opinion of the Board is required, a resolution or vote passed by the Board will meet the standard of evidence.

Standard of Integrity: Doing what I have allowed people to expect of me --- to the degree I have allowed them to expect it --- by when I have allowed them to expect it.

State of Texas Assessments of Academic Readiness (STAAR): A criterion-referenced group of TEKS-based, standardized summative assessments that measure the extent to which Texas students have learned and are able to apply the knowledge and skills defined in the TEKS. Every STAAR question is directly aligned to the TEKS for the grade/subject or course being assessed.

Student Outcomes: A measure of school system results that are student results rather than adult results; outcomes that are a measure of what students know or are able to do. Example: summative assessment.

Student Outcome Goals: Student outcomes that describe what students know or be able to do -- as distinct from adult inputs, adult outputs, student inputs, and student outputs. Student Outcome Goals include a baseline, target, population, and deadline. They challenge the organization and require adult behavior change. A Board's student outcome goals are the Superintendent's first priority for resource allocation.

**Superintendent Evaluation:** A tool used to report performance towards achieving student outcome goals and constraints. As Superintendent performance is indistinguishable form school performance, evaluation targets are considered met if the annual targets of the student outcome goals or Constraints are met OR 2/3 of the respective GPMs or CPMs are met. Superintendent performance is considered met if 75% or more evaluation targets are met. If 75% or more of the evaluation targets are not met, the Board will use their own judgement for performance based upon the Monitoring Reports received and voted upon according to the Monitoring Calendar.

Superintendent Constraints: Specific operational actions or class of actions the Superintendent may not use or allow that are aligned with the vision and grounded in community values.

**Superintendent Work:** The operational inputs and outputs of the school system, except the operations legally required by state or federal law/rule or items directly pertaining to the Board's adopted student outcome goals, constraints, progress measures, or theories of action.

**Target:** The measure's desired future state.

Texas Essential Knowledge & Skills (TEKS): Specific knowledge or skills that every child, K-12, in Texas is expected to know and be able to do.

**Theories of Action:** A research-based high-level strategic constraint with which inputs and outputs must be aligned and which drives overall strategic direction. Unlike other constraints, the theory of action does not have CPMs.

**Time Use Tracker:** A tool used to track the Board's use of time during board authorized public meetings.

Two-way Communication: Communication that is intentional, meaningful, and purposeful that allows for input from stakeholders and responses from Board Members and Administrative Staff. Stakeholders include, but are not limited to, students, parents, residents, staff members, and business owners.

# "Student outcomes do not change until adult behaviors change"

This is a commitment to constantly be willing to change our own behavior for the benefit of our students. To show this commitment, you are invited to write three letters that reflect on this commitment.

You are invited to self-address an envelope. In 30 days your letters will be mailed to remind you of the commitment you have made to change your adult behaviors to improve student outcomes.

### Dear Colleague,

A behavior of mine that may have made it harder for the board to be focused on student outcomes was...

The benefit to me was...

The cost to you and/or to students was...

In that moment, I was pretending that...

# Dear Students, As an education leader, my behavior lacked integrity when... The benefit to me was... The cost to you was ...

## Dear Self,

I'm giving up...

When I behaved that way, the benefit to me was...

What you can expect from me going forward is...

But the cost was...

Because of my commitment to improving student outcomes, I'm giving it up.

# **Workshop Pre-Evaluation**

) How proficient are you at	distinguishing between educati	ional inputs, outputs, and out	tcomes?	
1 Not At All Often (once per year)	2 Somewhat Often (twice per year)	<b>3</b> (quarterly)	4 Often (every other month)	5 Very Often (monthly)
) How often do you want y	our Board to review and discuss	the measurable progress to	ward the Board's student outco	me goals?
<b>1</b> Not At All Often (once per year)	<b>2</b> Somewhat Often (twice per year)	<b>3</b> (quarterly)	4 Often (every other month)	5 Very Often (monthly)
How useful do you expec	t this workshop to be?			
<b>1</b> Not At All Useful	2 Somewhat Useful	3	<b>4</b> Useful	<b>5</b> Very Useful
