

Texas Success Initiative Assessment in College, Career, and Military Readiness in 2022 and Beyond

Beginning with 2022 accountability ratings, the newly designed Texas Success Initiative assessment (TSIA2) will be considered for College, Career, and Military Readiness (CCMR) credit for 2020–21 graduates and non-graduating 12th graders in addition to prior TSIA1 records. The chart below details how a student can meet Texas Success Initiative (TSI) criteria for CCMR via the TSIA1 and/or TSIA2.

To meet TSI criteria for accountability purposes, a student must meet the minimum scores in both English language arts/reading (ELAR) and mathematics via the SAT, ACT, TSIA or by earning credit for a college prep course. The student does not necessarily need to meet criteria for both subjects on the same assessment. For example, a student may meet the ELAR TSI criteria on the TSIA and complete and earn credit for a college prep course in mathematics.
