Data Management Center (DMC)

- **The Load Summary functionality has been updated to display the timestamp in the 'Last Updated' column of the report each time a record is loaded, updated, and deleted. Previously it only updated when a new record was loaded or updated.**

- **The API has been updated for 2025-2026 to align with TEDS 2026.2.0.**

PEIMS Reports

- **The following PEIMS Extended Year report has been updated to correct an issue where the:**
  - **Flexible Attendance section of the report was being calculated using 0 decimal places and rounding up when calculating Eligible Equivalent Days, Adjusted Eligible Equivalent Days Present, Ineligible Equivalent Days and Total Refined ADA. The report now correctly calculates using two decimal places for all 'days' rows and three decimal places for Refined ADA.**
  - **Accepted submission footer was being displayed on the report prior to the submission being in accepted status.**
  - **Sub header on the Demographics, Characteristics, and Programs section was missing the 's' on the word 'Characteristics'.**

  - **PDM4-231-002 Percentage of Change from Previous Year**
