Online Everyone Has a Story: Children Affected by Parental Substance Use

Aim

This course will support practitioners in adult and children's services to respond to children affected by parental substance use.

By the end of the training, participants will be able to:

- Identify the impact of parental substance use on children.
- Describe the child's change cycle in parental use and recovery.
- Practise the assessment of risk for children affected by parental substance use.
- Identify ways to actively engage and hear young people's stories.

Course Length and Format:

This course consists of 7 hours learning using the following format:

Part 1: SDF Drug Awareness: An Introductory Course e-learning module (1hr).

Please note. Completion of the e-learning module (part 1) is a requirement for attending the trainer facilitated learning (part 2).

Access to the free e-learning module here: [Drug Awareness An Introductory Course](#).

Part 2: Trainer facilitated learning.

Certification of course completion is awarded to participants who complete parts 1 and 2 of the course and submit the post-course evaluation form.

Date: 21 September 2023
