---

Do you want to know more about Psychostimulants, in particular the impact of cocaine use with alcohol and other substances.

The presentation will last approximately 1½ hours with time for discussion at the end and will include the following:

- what is cocaine
- how is it sold in UK
- how does it work
- how do people feel
- effect on body
- risk (especially cocaine + alcohol and cocaine + heroin mixtures)
- how to reduce risk
- support/info available

The session is suitable for anyone using substances, family members, professionals and anyone who would like to know more about the impact of psychostimulant use.
