

This training course defines and highlights the benefits of family inclusive practice and aims to help workers identify ways in which the practice can be enhanced in the working environment. By completing the training participants will be able to:

- **Define family inclusive practice and recognise the value of lived experience of family members and their support needs.**
- **Develop an understanding of the required qualities and skills to effectively engage with families.**
- **Identify opportunities to include families to support whole family recovery.**
- **Identify practical strategies to work with families to overcome barriers to family engagement.**

**Monday 23<sup>rd</sup> September**
