**Harm Reduction: What You Need to Know**

**Wednesday 28th May**

**In Person at Bruce House, Arbroath  
9.30Am until 12.30pm**  
Delivered in partnership with Hillcrest Futures

In 2022, the Scottish Government introduced the Medication Assisted Treatment standards, a set of standards that aim to enable the consistent delivery of safe, accessible, high-quality drug treatment across Scotland. These are relevant to people and families accessing or in need of services, and health and social care staff responsible for delivery of recovery oriented systems of care. This session will cover the knowledge required for you to meet and promote the standards around harm reduction.

This session will be relevant to any non-specialist BBV staff, working in the broad fields of; health, social care, housing, community development, community pharmacy, education, recovery and the 3rd sector.
