

Personal Assistant Recruitment Meet and Greet Event

Networking Event for people interested in finding out more about Personal Assistant and Social Care jobs and looking for paid employment, as well as to meet Personal Assistants (PAs) and potential employers.

A PA is someone who helps people to live their lives as independently as possible and to support them in reaching their full potential through practical and emotional support. Becoming a PA is rewarding and offers flexibility around other commitments and competitive rates of pay.

If you are a person or the parent of a person who has a direct payment, this is a great way to find the right PA for you. Alternatively, if you are a person looking for work or wanting to increase the number of hours you currently work, we can help you find paid employment in either full time or part time work.

At the event you can also find out about current PA and Social Care job vacancies and free training courses available.

For more information or if you are interested in attending this event please contact
