Messages from the Safeguarding Children Partnership Board: May 2022 Workshop

- This 90-minute, Microsoft Teams workshop will focus on new/updated strategies, Inspection updates, resources, and tools together with important messages from research. It will also highlight upcoming projects carried out by team.
- This workshop is intended for frontline practitioners from statutory and non-statutory safeguarding agencies in Cambridgeshire and Peterborough. We hope that participants will share the information with their agencies and partners.

The workshop will be presented by members of Cambridgeshire and Peterborough Independent Safeguarding Partnership Service as well as representatives from the Safeguarding Children Partnership Board.

This workshop is FREE to all Cambridgeshire and Peterborough practitioners who work with children, young people and their families
