**What can I do
today?**

This week it is ...stones

Friday

Funny faces and how do you feel?

- Save some magazines and newspapers from the recycling pile. Ask your child to help you find pictures of eyes, noses and mouths and cut them out individually. You could always draw faces onto the stones if you prefer.
- Glue them to some stones.
- Draw a head shape on some card or paper and have some fun making some funny faces!
- While you are doing this, you could talk about how you think the 'people' are feeling. Are they happy, sad, angry, serious etc?
- You could make hair out of playdough for your characters.
