**What can I do
today?**

This week it is ...stones

Monday

Story telling stones

- Gather a collection of stones with your child.
- Look through some magazines or comics, pick some favourite characters and cut them out.
- Consider other pictures that might help to tell a story e.g. a house, a car, a castle, pictures of food. Either cut them from a magazine or draw them.
- Stick your pictures onto the stones with glue. You may wish to paint PVA glue over the top of them too, to make them more durable.
- Pop all your story stones in a bag and pull one out at a time to help you make up a story. You could take it in turns to build the story line.
