**What can I do
today?**

This week it is ... clothes

Monday

Fashion show!

- Raid your wardrobes to have your very own fashion show. Let your child pick their own outfit, put on some music and clear a space for your very own catwalk!
- Perhaps you might like to dress up as a particular character? Can you all guess who your child is pretending to be?
- Children love 'real' clothing items to add to their dressing up boxes. Often adding items such as an old curtain or piece of material can give them more flexibility and lets them use their imagination – is it a superhero cape? A witch's cloak? A prince or princess's robe?
- Think about different accessories to add too – old jewellery, handbags, tool belts, hats, or gloves (consider removing any item that could pose a strangulation risk such as long bag straps)
- You could role play a clothes shop using some clothes from your wardrobe.
