**What can I do  
today?**

**This week it is ...toys**

## **Saturday**

### **Out and about**

- Take your toys on a walk outside.
- Chose which toy to take.
- Perhaps you will take them to the park? Can you push them in the swing or help them down the slide?
- Point out interesting things for your toy to look at and talk to them about:
  - The weather: Sun, clouds, wind, rain.
  - The sounds you can hear.
  - Can you smell anything?
  - Can you find treasures such as sticks or leaves?
  - Is your toy enjoying their walk?
