**What can I do
today?**

This week it is ...kitchen roll

Thursday

Kitchen roll jewellery

- Make some cuff bracelets out of kitchen roll tubes.
- Cut the roll to the width of bracelet you'd like and cut a slit in the tube so it can be taken on and off the wrist.
- Decorate as you wish – glue on shiny foil, paint or colour or perhaps stick on found items such as flowers or feathers.
- Perhaps make a bracelet for a friend – what is their favourite colour?
