

Cumbria County Council
Early Years Team

**What can I do
today?**

**This week it is...
...homemade instruments**

Wednesday

Drums

- Make your own drum kit with pots and pans and a wooden spoon.
- You can make drums by stretching paper over different sized containers and fixing the paper with an elastic band.
- What changes if you:
 - Use containers made of different materials?
 - Use beaters made of different materials?
 - Stretch the paper tighter?
- Can you tap fast? Slow? Different beats?
- Can you tap in time to music?
- Use your drums in your family band!
