**What can I do
today?**

This week it is...paper straws

Sunday

Streamers and flags

- Use your paper straws as sticks to attach ribbons or flags to.
- You could make your flags out of paper and attach them with sticky tape. You could decorate your flags.
- Run along and watch the ribbons fly. Watch them flutter in the wind.
- What will you use your flags for? Perhaps to decorate a sandcastle or a palace, to write your families names on and give them as a present?
