**What can I do
today?**

This week it is...bags

Wednesday

Paper Bag Hairdressers

- Ask your child to draw a face on a paper bag and design a hair style for their paper bag model.
- They could cut along the top of the bag or choose to use other materials for the hair e.g. wool or scraps of fabric.
- Children can give their model a trim. (If age appropriate use scissors under supervision).
- You could make a whole family of paper bags which need a haircut.
- Set up a hair salon in the corner of the room, make appointments for them to go for a haircut.
