Early Years Team

**What can I do
today?**

This week it is.....bags

Saturday

Paper Bag Kite –

- Encourage the children to decorate the paper bag on both sides.
- Supervise them to cut different colour strips of paper and stick them on the open end of the bag for the kite's tail (if age appropriate).
- Tie string around a lollypop stick or a small stick/twig and make a small hole in the bottom of the bag, thread string through the hole then attach another lollypop stick or small stick/ twig. This can be your handle.
- Go outside and have fun flying your kite!
- You could make kites for all the family and have a kite flying party.....
