

Cumbria County Council

What can I do today?

This week it is... pegs

Friday

Peg Puppets

- Make your own peg puppets – draw your own characters or cut out pictures from a magazine. Stick half on the upper side of the peg and half on the lower side of the peg so they can open their mouths! Blue tac can be easier to use than glue.
- You don't have to be a wonderful artist – try making shape monsters!
- Which characters will you make?
- For older children can they help to draw, colour, cut out or stick the characters? Can they help to make up a story with them?
- For younger children use the peg characters to tell them a story.
