*Early Years Team*

**What can I do  
today?**

**This week it is.... Teddies**

## Thursday

### Teddy Bear race

- Line up with your teddies at the bottom of the garden or at one side of the room.
- Everyone place a teddy between your knees.
- Get ready steady go..... everyone run to the other side try not to drop your teddy.
- You could try doing it again but this time going very slowly the last one to reach the other side is the winner.
- On pieces of paper (any bits of paper will do) write numbers 1-10. Make two lines with your numbers. This can be done with as many lines of numbers as you need.
- You could count out the numbers with your child. Can they recognise the numbers? See if your child can put them in the right order.
- Put your bears at the start. Take turns throwing a dice and move your bear as many places forward as the dice showed.
- The first bear to reach the end is the winner!
