What can I do today?

This week it is… cardboard boxes

Thursday

Carpark!

- Use a large cardboard box with low sides or cut them down low.
- Draw or tape car parking spaces in the box.
- Add details such as parent and child spaces or disabled spaces if you wish.
- Number the parking bays.
- Each car could be given a ticket or told a number to park in or you could stick numbers or spots on to the cars. Can you match the numbers?
- How many spaces are free?
