What can I do today?

This week it is... treasure hunt

Thursday

Colour treasure hunt

- Plan your colour treasure hunt.
- Make sure there are a range of different coloured objects around the house or garden.
- Ask your child to help you find some treasure. Tell them you would like them to go and look for something blue, then red, green or yellow...
- You could make it more challenging by asking them to find a coloured item e.g. blue car, red socks, brown teddy....
- Now your turn, let your child choose what colour you should look for.
- For babies you could put coloured bits and bobs or scarves in an empty tissue box for them to pull out and have a chat with your baby about the different colours and objects together.
