Early Years Team

**What can I do
today?**

This week it is... yoghurt pots

Sunday

Pot printing

- Save different sized yoghurt pots to print with. Dip either end in paint and print onto paper.
- Younger children will enjoy the process of printing and exploring with paint.
- Older children may like to turn their prints into different creatures by using pens to add eyes or legs or perhaps adding windows and wheels to make vehicles.
- Old yoghurt pots make excellent washable paint or glue pots too.
