**What can I do
today?**

This week it is...water

Friday – splish, splash, splosh

- Children love to splash in puddles.
- Wellies and big coats are good to keep them dry and warm.
- Introduce lots of new language, this could be wellies, raincoat, clouds, raindrops, grey sky, puddles and dripping.
- Use words that sound like the noises you are making such as splish, splash, splosh. When words sound like their meaning it's called onomatopoeia.
